

LEGISLATION UPDATE PROVISION & USE OF WORK EQUIPMENT REGULATIONS

PUWER 98 - INSPECTION BY COMPETENT INSPECTION BODY HIGHLY RECOMMENDED

These are examples of some of the items that are encompassed within PUWER 98 that we highly recommend are inspected by a competent inspection body.

MAIN ITEM

General

CONSIDERED TO INCLUDE

Doors - sliding
Automatic Revolving Doors
Ball Mill
Body Straightening Machine
Capstan
Conveyors - Including Passenger Carrying
Electrical Isolation Equipment
Escalators
Fire Doors and Fire Curtains
Guards and Safety Devices
Haulage Systems
Ladders / Steps / Stairs
Linkspans
Winches (see also under LOLER)
Bridges and walkways, gangways
Masts
Radio and TV
Security of Transmission Equipment
Material Discharge / Loading Systems
Perimeter Guarding
Polishing Machine
Printing Machinery
Racking, Warehouses Stillages
Ramps
Rolling Road Brake Tester
Safety Harness etc (If not adopted under LOLER)
Slicing Machines
Sports Stadiums and Gymnastic Equipment
Tow Truck

MAIN ITEM**CONSIDERED TO INCLUDE**

Agriculture

Weighbridge
Towed Mobile Equipment
Non-Lifting Equipment and Attachments PTO
Guarding Tractors
Agricultural Machinery

Construction

Bridge Maintenance Access Equipment
Dumper Trucks
Pipe Laying Machines
Pneumatic Drill
Rolling Machine
Scraper

Entertainment / Leisure Industry

Lighting Rigs
Stage Equipment

Extractive Industry

Bulldozers
Excavators

Food Processing Industry

Coffee Mill
Dough Mixer
Food Processing Equipment
Rotary Bakers Oven
Saws

Manufacturing / Workshop Industry

Bending / Folding Machine
Blow Moulding Machine
Die Casting Machine
Dock Leveller
Drilling Machines
Drop Hammer
Extruding Machine
Flying Shear Press
Grinding Machines
Guillotine
Lathe
Looms
Mixing Machinery (industrial substances)
Process Line Machines (used in the mfg. and prod.
of items / substances)
Robotic Systems
Saws
Spot Welding Machine c.w. Hydraulic Clamping
Steel Coil Slitting Lines
Tyre Moulding Machine
Vacuum Moulding Machine

Press Type Machines not covered by
Section IV of PUWER 98

Friction Screw Press
Horizontal Extrusion Press
Pneumatic Presses
Injection Moulding Machines
Isostatic Press
Machines Listed in Schedule 2 of PUWER
Manual Press Power Press used for 'non-metals'
Spotting Press

Waste and Scrap Industry

Paper Shredding Machine
Shearing Machine
Waste Compactors
Waste Disposal Units

Woodworking Industry

Saws for Wood
Woodworking Machinery

PUWER 98 - INSPECTION BY OWNER OR EQUIPMENT MANUFACTURER RECOMMENDED

These are a selection of some common items that we believe can be safely and most economically inspected by suitably qualified persons employed by yourselves or the equipment manufacturer as part of ongoing maintenance.

MAIN ITEM

CONSIDERED TO INCLUDE

General Work Environment

Manual Office Equipment
Equipment
Plastic Film Sealers.
Trolleys
Refrigeration Equipment
Adjustable Chairs / Tables
Air Conditioning Units

Guillotine, Scissors, Knives, Stapling Machines, Binding Machines, Electrical Office
Photo -Copiers, Personal Computers, Fax Machines, Printers,

Post Room Trolley, Sack Barrow
Cold Stores, Chillers, Freezers
Pneumatic / Hydraulic Adjustable Chairs, Drawing Easels
A/C Systems, Individual A/C Units, Fans

Agriculture

Hand Tools
Pumps

Pitchforks, Sledge Hammers
Powered by Electric or Internet Combustion
Spraying Equipment
Milking Units

Construction Industry

Hand Tools
Instruments
Portable Equipment

Chisels, Knives
Laser Theodolite / Levels Trench Support
Generators, Tramping Equipment, Welder Cement Mixers

Entertainment / Leisure Industry

Stage Props
Sound Systems
Special Effects

Support Stands, Stairs, Platforms
Microphones, Speakers and their supports
May require more frequent inspection if potentially hazardous to
performers and public

Manufacturing / Workshop Industry

Hand Tools
Portable Equipment

Screwdrivers, Files, Punches, Drill Bits, Hand Drills
Drills, Grinders (NOTE: includes compressed air tools in addition
to electrical). These items may already require inspection under
the Electricity at Work Regulation Guidance.

Woodworking Industry

Hand Tools
Portable Equipment

Chisels, Hammers, Drill Bits, Planes
Morticers, Glue Guns, Staplers, Nailguns
